

Open Awards Qualification Unit

This unit forms part of a regulated qualification.

1 Unit Details

Unit Title:	Know How to Carry Out Basic Bricklaying
Unit Reference Number:	H/506/5023
Level:	Level 1
Credit Value:	3
Minimum GLH:	30

2 Learning Outcomes and Criteria

Learning Outcome (The Learner will):	Assessment Criterion (The Learner can):
1. Know how to prepare to build brick walling	1.1 Interpret drawings related to bricklaying activities
	1.2 State the different scales commonly applied to drawings used in bricklaying
	1.3 List common hazards associated with bricklaying
	1.4 List a range of relevant information sources associated with bricklaying
	1.5 State the methods for reporting inaccuracies in information
	1.6 List the resources required for erecting brick walling and forming joint finishes
2. Know how to build straight brick walling and return corners in half brick stretcher bond	2.1 State the methods used to cut and prepare components to the given specification by hand
	2.2 State the method of establishing bonds for straight brick walling and return corners
	2.3 State how to select and use hand tools and equipment correctly when building half brick walling
	2.4 State the methods used to maintain industrial standards when building brick walling

	2.5	State the reasons for carrying out checks to confirm that the work conforms to specification and given instructions
3. Know how to build straight brick walling and return corners in one brick walling	3.1	State the methods used to cut and prepare components to the given specification by hand
	3.2	State the method of establishing bonds for straight brick walling and return corners
	3.3	State how to select and use hand tools and equipment correctly when building one brick walling
	3.4	State the methods used to maintain industrial standards when building brick walling
	3.5	State the reasons for carrying out checks to confirm that the work conforms to specification and given instructions
