

Open Awards Qualification Unit

This unit forms part of a regulated qualification.

1 Unit Details

Unit Title:	Know how to Carry out Basic Blocklaying
Unit Reference Number:	L/616/6986
Level:	Level 1
Credit Value:	2
Minimum GLH:	20

2 Learning Outcomes and Criteria

Learning Outcome (The Learner will):	Assessment Criterion (The Learner can):
1. Know how to prepare to build block walling	1.1 Interpret drawings related to blocklaying activities
	1.2 State the different scales commonly applied to drawings used in blocklaying
	1.3 List common hazards associated with blocklaying activities
	1.4 List a range of relevant information sources associated with blocklaying
	1.5 State the methods for reporting inaccuracies in relevant information
	1.6 List the resources required for building block walling and forming joint finishes
2. Know how to set out the work area to build block walling	2.1 State how to identify the correct location to position blocks, mortar and components ready for use
3. Know how to build block walling using dense concrete and lightweight insulation blocks	3.1 State the methods used to cut and prepare components to the given specification by hand
	3.2 State the method of establishing bonds for block walling
	3.3 State how to select and use hand tools and equipment correctly when building block walling

	3.4	State the methods used to maintain industrial standards when building block walling
	3.5	State relevant safe working practices when building block walling at height
	3.6	State the sequence of work and recommended walling heights built at any one time
	3.7	State the reasons for carrying out checks to confirm that the work conforms to specification and given instructions
