Application Review

Your Business Development Manager will be notified when you upload your documents and submit your application.

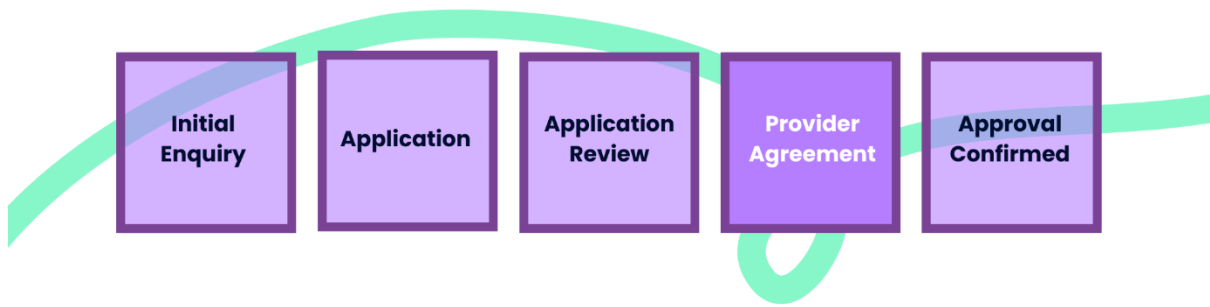

They will review your application within five working days. If they require any additional information, they will normally contact you by telephone to discuss this.

You will also receive an email notifying you of any additional information required. This can be uploaded via the Portal in the same way as your application form.

As part of the review process, your Business Development Manager will create a Provider Improvement Action Plan. They will talk this through with you to agree actions and timescales.

The Provider Improvement Action Plan will be made available to you to view via the Portal and will become the main working document whilst you are working with Open Awards. Actions will be reviewed by the Quality Assurance team as part of your ongoing compliance activities.

Provider Agreement

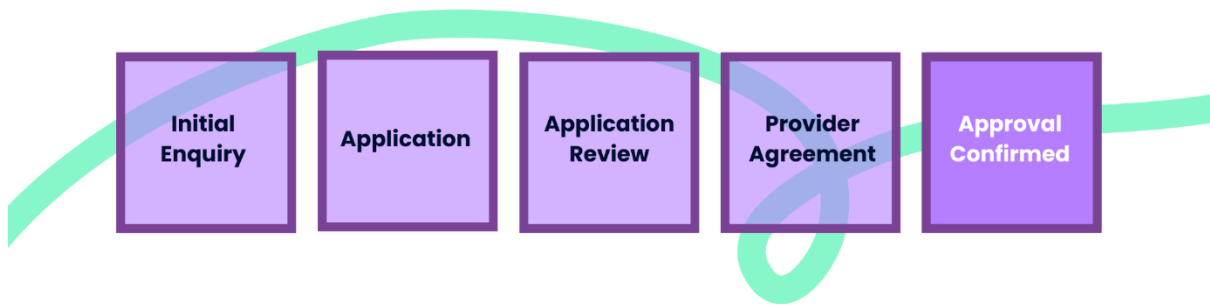

Once your application has been reviewed, your Provider Improvement Action Plan agreed, and the provider approval fee paid, you will be issued with a Provider Agreement to sign. This agreement outlines the roles and responsibilities between Open Awards, as the awarding body, and you as the provider.

Please read this carefully and ensure that you fully understand all requirements. This agreement forms the basis of the ongoing working relationship between the two organisations.

The Provider Agreement will be issued via EchoSign and will go to the person named as the 'Head of Organisation'.

Please note, the email from EchoSign can sometimes end up in a junk/spam folder. Therefore, please check these before contacting Open Awards. If you don't receive the Provider Agreement within three working days of being notified of it being issued, please contact the team on enquiries@openawards.org.uk or 0151 494 2072.

Approval Confirmed

Once we have received your signed Provider Agreement, you will receive confirmation of your approval with Open Awards.

You will receive a certificate of approval via the Portal, along with instructions on next steps.

Access to Higher Education – Supplementary Application

The process to apply to deliver Access to Higher Education Diplomas is exactly the same with two exceptions:

Supplementary Application Form

In addition to the application form outlined above, you will need to complete the supplementary application form for Access to Higher Education. This includes the following information:

1 Centre Details

It is a requirement of Open Awards license with the Quality Assurance Agency, that only providers whose main and permanent base is in the UK can be approved to deliver Access to Higher Education Diplomas. This section asks you to confirm that you meet this requirement.

2 Key Access to HE Contacts

We require two additional key contacts for providers delivering Access to Higher Education Diplomas:

Access to HE Coordinator

The role of the Access to HE Coordinator is key to the development and delivery of Access courses. This is usually a senior manager with responsibility for all Access to HE provision at your provider. This person will be the first port of call for curriculum or quality assurance information or queries and will be expected to cascade information to colleagues as necessary. Some administration queries will also be directed to this person.

The Access to HE Coordinator should be allowed an appropriate amount of time and support to ensure that the following duties relating to the Access to HE Diploma are carried out:

- acting as the main point of contact for Open Awards
- cascading Open Awards guidance to appropriate staff at the provider
- providing information, advice and guidance to current and potential learners

	<ul style="list-style-type: none"> • attending Open Awards activities (e.g. training and briefings) • ensuring colleagues attend appropriate Open Awards events • supplying relevant, timely information to Open Awards • ensuring that grades are added to the Markbook in a timely manner • appointing and training tutors and internal verification staff • ensuring compliance with Open Awards policies and procedures • overseeing moderation and compliance reviews carried out by Open Awards • ensuring that actions are completed in a timely manner • publicity and promotion of the Access to HE Diploma • organising the Final Awards Board <p>The Access to HE Coordinator need not personally carry out all of these duties but must take responsibility for ensuring they are undertaken.</p>
<p>Access to HE Administrator</p>	<p>Open Awards will direct all administration and course-related queries and information to this contact.</p> <p>They will also be included in some of the curriculum correspondence. You may choose to have more than one administrator (usually for additional Portal accounts) but you must identify a lead contact.</p> <p>Certificates are always sent to this person and the site where the Access to HE Administrator is based as recorded with Open Awards as the correspondence address. Occasionally, the Access to HE Coordinator and Administrator roles are carried out by the same person.</p> <p>A Portal account is allocated to the Access to HE Administrator at your provider. Additional Portal accounts can be provided although care should be taken to ensure that control of learner and course information is monitored centrally. Please note that by logging onto the secure Portal, you are accepting the terms and conditions of use. These terms and conditions can be found on the log in screen when you input your credentials.</p>

3 Access to HE Diploma Delivery Intentions

This section will ask you specifically about the Access to Higher Education Diplomas you are planning on delivering and the staffing, facilities and resources you have in place to meet the requirements outlined in the Diplomas Specification.

You will be required to provide evidence of tutors, assessors and internal verifier's professional competence and subject knowledge as part of the application process.

4 Funding

This section requires you to outline your funding arrangements for your Access to Higher Education provision.

Please note, privately financed courses not subject to external inspection will be subject to additional ongoing quality checks from Open Awards.

5 Track Record

This section requires you to outline any previous experience you have of offering Access to Higher Education Diplomas through a different Access Validation Agency (awarding body). Please provide as much detail as you can.

If your organisation has not delivered Access to Higher Education Diplomas previously, please outline how you will ensure you have the required expertise and understanding of both Open Awards and QAA requirements for delivery, assessment and internal quality assurance.

6 Supporting Information

This section asks you to expand on the following:

- Operational management of Access to Higher Education delivery
- Marketing to and recruitment of learners
- Information, advice and guidance
- Admissions process
- Self-evaluation arrangements
- Planned modes of delivery and assessment

7 Declaration

The declaration section includes specific requirements of providers delivering Access to Higher Education Diplomas. Please read the statements A-J carefully and then tick to confirm you understand and agree to adhere to the requirements.

This declaration will be supported by the Provider Agreement that will be issued at the final stage of the Provider Approval Process.

Access to Higher Education Committee Approval

Once your application has been reviewed and you have agreed a Provider Improvement Action Plan with your Business Development Manager, your application will be referred to Open Awards Access to Higher Education Committee for final approval.

Open Awards will only refer your application if we are recommending it be approved. However, final approval is subject to a decision by the Access to Higher Education Committee.

The Access to HE Committee meet three times per year. Therefore, we encourage you to submit your application to us as early as possible to ensure we can meet any planned delivery start-dates.

If you are planning to start delivery at the beginning of an academic year, your application will need to be presented to the Access to Higher Education Committee meeting in June. Therefore, we would suggest that you submit your application by end April at the latest.

Please note, you will not be able to be approved for specific Access to Higher Education Diplomas until after you are an Open Awards approved provider. However, your Business Development Manager will work with you throughout the process to ensure that we can meet your curriculum needs.

Once the Access to HE Committee has approved your application, you will receive confirmation of your status as an approved provider. At this stage, you will receive an e-certificate confirming your approval and an email with full details of next steps.
