Introduction

The Adult Education Budget (AEB) was replaced by the Adult Skills Fund (ASF) on 1st August 2024.

Funding rates for individual qualifications are now determined by multiplying the relevant hourly rate for the sector subject areas (SSA) of the qualification by the number of guided learning hours (GLH) as assigned by the Awarding Organisation and recorded on Ofqual's register of regulated qualifications. These hourly rates recognise the relative costs of delivering training in different sectors and subjects and provide a boost for training in those sectors identified as having greatest skills needs.

This guide has been produced to enable you to quickly see which Open Awards qualifications are eligible for funding for 2024/25 academic year under the following streams:

- 14-16
- 16-19
- Advanced Learner Loans
- Local Flexibilities (ASF)
- Legal Entitlement (ASF)
- Level 3 Free Course Jobs (ASF)

In addition, Open Awards is able to support you with the delivery of non-regulated provision.

You can view the status of all qualifications available through the '[Find a Learning Aim](#)' tool.

If you would like support with developing your curriculum and maximising your funding allocations, please contact us on enquiries@openawards.org.uk to arrange a free curriculum planning session.

Skills Funding Tailored Learning - Non-regulated Provision

The term tailored learning brings together what was AEB community learning, formula-funded AEB non-regulated learning (previously delivered through adult skills) and any new employer-facing innovative provision that is NOT qualification based.

The primary purpose of tailored learning is to support learners into employment and to progress to further learning. This may also include outcomes including: to improve health and wellbeing, equip parents/carers to support their child's learning and develop stronger communities.

The eligibility principles ESFA apply to tailored learning provision are:

- it must not be provision linked to UK visa requirements
- it must not be provision linked to occupational regulation unless there is an agreed concession in place
- it must not be learning that should be part of a learner's experience, for example 'induction to college'
- it must not be used primarily or solely for 'leisure' purposes
- it must not be a non-regulated version of a regulated qualification, which includes regulated qualifications that are not currently approved for funding
- it must not be above notional level 3¹

Open Awards can support you structure your tailored learning through non-regulated accreditation services. These are designed to provide external quality assurance without forming part of a regulated qualification.

Badge of Excellence

The Badge of Excellence is Open Awards' quality assurance mark that recognises excellent training, development and learning provision and meaningful outcomes. It has been designed for programmes that would not be enhanced by the delivery of regulated qualifications or units.

In line with Open Awards' mission to change lives through learning, the Badge of Excellence quality mark assures the training and learning activities rather than accrediting the learners themselves. Your programme of learning will be assessed against the 'Standards of Excellence', including:

- Identifying learning
- Staffing and resources
- Objectives and purpose
- Delivery and resources
- Achievement and progress
- Continuous improvement

Quality Endorsed Units

Quality Endorsed Units have the same features as our regulated units, providing clear learning outcomes and assessment criteria whilst offering flexibility in teaching methods and evidence. The only difference is that they do not form part of a regulated qualification. You can put your course together by:

- Choosing existing units from our quality endorsed unit bank
- Working with us to develop bespoke quality endorsed units

If you would like to know more about the Badge of Excellence or Quality Endorsed courses, please contact enquiries@openawards.org.uk to arrange a curriculum planning sessions.

Access to HE Diplomas

For those aged 19-23, who have not yet achieved a full Level 3 qualification, Access to HE Diplomas are fully funded through the Adult Skills Fund.

For those aged 19-23 who have already achieved a full Level 3 qualification, or aged 24 and over, Access to HE Diplomas can be funded through an Advanced Learner Loan

Advanced Learner Loans are not means tested or dependent on credit checks. When a learner progresses and completes an eligible university level course, the Advanced Learner Loan is written-off so the learner does not need to repay it.

If you can't find a title you are looking for, please contact us on enquiries@openawards.org.uk to discuss the development of a new title.

Open Awards offers the following Access to HE Diplomas. All are funded for 2024/25 academic year:
