Policy

1. Open Awards provides qualifications to learners across the England and Wales and may, for some qualifications regulated by Qualification Wales, be able to provide the option of assessment in Welsh. When reviewing whether we can provide specific qualifications and assessments in Welsh, we will consider (this list is not exhaustive, as there may be other considerations): (i) the extent to which similar qualifications from other awarding bodies are already available in Welsh; (ii) the scale of demand for assessment in Welsh
2. Where appropriate, Open Awards will, develop Welsh language materials to support the delivery of Open Awards Welsh. Where Open Awards determines that qualifications will be offered in the Welsh medium, we will
 - Provide through our website and Secure Portal bilingual documents such as qualification guides, unit specifications and policies.
 - Enable providers to select language of assessment at the point of registration.
 - Create processes and systems to enable assessment to be conducted through the medium of Welsh.
3. Employ Welsh speaking staff where required for the assessments of work produced in the Welsh language
 - Produce bilingual certificates to all learners registered on Open Awards Welsh-medium qualifications.
4. All essential support materials for learners will also be available in Welsh, where appropriate. This is likely to include sample assessment materials and any parts of the specification or other documents that learners are expected to read before attempting assessment. Specifications and examination academic qualifications in Welsh.
5. There may be occasions where Open Awards decide not to provide materials in the Welsh Language, where the qualification is regulated by Qualification Wales, when there is not the market demand to produce the relevant qualifications documents; and other associated documents in the Welsh Language. While we recognise the importance of Welsh-medium education, we recognise the demand for qualifications through the medium of Welsh may vary across different regions and sectors. Our decision is also influenced by the demand from employers, colleges, training providers, and other stakeholders, which helps guide our qualification offer.

Responsibilities

- To ensure staff are aware of this policy.
- 6. To provide assessment and assessment materials in Welsh, where there is sufficient demand
- 7. To promote Welsh-medium qualifications
 - To ensure standardisation takes place and assessments have the same level of challenge and demand irrespective of the language of assessment.
 - To provide bilingual certificates to learners
 - monitor the current and future demand for assessment of our qualifications in Welsh;
- 8. Identify any opportunities to improve access to our Welsh-language assessments, where required

Monitoring and Review

Open Awards will review this policy every two years as part of its review arrangements and amend it as and when necessary. This could be in response to customer and learner/apprentice feedback, changes in practices, advice from regulatory authorities or external agencies or changes in legislation.
