Provider Staff Requirements

Centres are responsible for ensuring that their staff are suitably skilled and experienced. Tutors/ assessors and internal quality assurance (IQA) staff must have relevant occupational knowledge and/or occupational competence at the same level or higher as the units being delivered.

All those who assess these qualifications must:

- Already hold the qualification they are assessing (or a recognised equivalent) and have successfully assessed learners for other qualifications (if assessing quality assurance roles, they must have experience as a qualified quality assurance practitioner of carrying out internal or external quality assurance of qualifications for a minimum of two assessors);
- Have up-to-date working knowledge and experience of best practice in assessment and quality assurance;
- Hold one of the following qualifications or their recognised equivalent: Level 3 Award in Assessing Competence in the Work Environment (QCF); or Level 3 Certificate in Assessing Vocational Achievement (QCF); or A1 Assess candidate performance using a range of methods; or D32 Assess candidate performance and D33 Assess candidate using differing sources of evidence; and
- Show current evidence of continuing professional development in assessment and quality assurance.

Although not mandatory, best practice would be for Assessors to hold the relevant D32/D33/A1/AQA unit(s) and Level 4 Certificate in Education or Training. Likewise, best practice would be for Internal Verifiers to hold the relevant D34/V1/IQA unit(s).

Providers are responsible for ensuring that their staff are occupationally competent and have access to appropriate training and support. They are also responsible for notifying Open Awards of staff changes.

Assessment

Open Awards units and qualifications have been designed around the principle that the learner will build evidence towards the achievement of the assessment criteria over a period of time. Each learner is required to build a portfolio of evidence to demonstrate that all the assessment criteria associated with each unit has been met.

Tutors and assessors need to ensure that all evidence presented in a portfolio is:

Valid: it should clearly demonstrate the knowledge or skills that are set out in the assessment criteria. It should also clearly be the work of the learner.

Reliable: it will in general, produce the same range of responses from learners, as long as they are used in similar circumstances and with similar groups of learners.

Inclusive: so that no individual learner is excluded from the opportunity to show their achievement because of their individual background or experience.

Assessors are required to review and assess all learner evidence and must be satisfied that learners have achieved all learning outcomes and assessment criteria relating to the unit being assessed prior to deciding the learner has completed the unit. Assessors will also ensure that the evidence produced by the learner is their own work. Assessors retain records (e.g. Feedback Sheets, Individual Progress Record, Group Progress Record) on behalf of the Provider which are made available and used by the Provider's Internal Quality Assurer and Open Awards' Quality Assurance Team.

Training and support

Open Awards offers a variety of training and support to Providers. Our online training and support is free of charge and can be accessed on the following link ehttps://oalearn.org.uk/shop. An everlasting coupon (PLUC code) will be issued to each Provider to gain free access to these resources.

Internal Quality Assurance (IQA)

All Providers delivering Open Awards provision must operate rigorous internal quality assurance systems. A Provider must identify how they will internally quality assure and standardise their delivery and assessment before delivering a course.

External Quality Assurance (EQA)

Provider approval, compliance monitoring and external quality assurance is carried out by the Open Awards Quality Assurance Team/ External Quality Assurers who will confirm that the Provider is assessing to standard and ensure that there are robust internal quality assurance systems embedded.

Standardisation

There will be no need for external standardisation of this qualification as there is only one Provider offering it. However, the maintenance of assessment standards will be monitored through quality assurance activity (e.g. compliance and EQA).

For further guidance on Quality Assurance and Standardisation, please refer to the <u>Provider Handbook</u>.

Recognition of Prior Learning and Achievement (RPL)

RPL is a method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they may already possess. Evidence of learning must be sufficient, reliable and valid.

It is the responsibility of the Provider to inform Open Awards at registration of any exemptions and/or equivalences for which a claim may be made. These claims will be subject to external quality assurance by the Open Awards Quality Assurance Team.

For more information, please see our Recognition of Prior Learning Policy found on <u>the Portal</u>.
