Health and Safety

It is recognised, that there is a high element of risk associated with independent travel training – teaching people with disabilities and/or learning difficulties to travel independently. The aim of this learning programme is to reduce that risk to the same level as anybody else travelling on their own. Centres are responsible for their own training delivery and risk assessment processes and evidence collection to comply with their internal policies. It is recommended that centres put in place training activity risk assessments and individual risk assessments for each learner to ensure the learners safety throughout the programme.
