### **Training and support**

Open Awards offers training and support events in Delivery & Assessment and Quality Assurance. These events are held throughout the year. Such events will also provide an opportunity to identify and share best practice. Up to date details of these training events are on our [website](#).

### **Internal Quality Assurance (IQA)**

All centres delivering Open Awards provision must operate rigorous internal quality assurance systems. A centre must identify how they will internally quality assure and standardise their delivery and assessment before delivering a course.

### **External Quality Assurance (EQA)**

Centre approval compliance monitoring and external quality assurance is carried out by Open Awards' Lead Quality Reviewers/External Quality Assurers who will confirm that the centre is assessing to standard and ensure that there are robust quality assurance systems embedded.

Please refer to Internal and External Quality Assurance within the Centre Handbook.

### **Standardisation**

Centres are required to contribute to national standardisation as requested by Open Awards. Open Awards offers Standardisation events that are held throughout the year. Such events will also provide an opportunity to identify and share best practice. Up to date details of training and standardisation events can be found on our website.

## **Requirements for Practice and Assessed Practice**

There is a requirement for a minimum of 30 hours of practice for this qualification. There is no requirement to evidence working with groups of learners to achieve this qualification unless units are undertaken which specify that purpose. However, where trainee teachers are working solely with individuals, a programme may also include support and preparation for working with groups.

There are different practice requirements for each unit in this qualification. These are detailed in the individual unit specifications.

Effective teaching practice experience should ideally include:

different teaching practice locations/settings/contexts

- teaching across more than one level
- teaching a variety of learners
- teaching individuals and groups
- experience of non-teaching roles
- gaining subject-specialist knowledge through workplace mentoring

Assessed observations of practice judged 'Inadequate' (grade 4) should not count towards assessed observations of practice required for the qualification, though these observations should be recorded with feedback provided.

There must be a minimum of three observations totalling a minimum of three hours. This excludes any observed practice completed as part of the Level 3 Award in Education and Training. Any single observation must be a minimum of half an hour.

Observations should be carried out in accordance with the criteria and grading characteristics for judging the quality of teaching, learning and assessment identified in the Ofsted further education and skills inspection handbook available [here](#). Observations should be appropriately spaced throughout the whole programme and take into account a trainee teacher's progress. An example teaching observation form is provided in the appendices of this qualification guide.

To be eligible for the award of credit for any one of the above three units, a trainee teacher must be able to provide evidence of a minimum of one assessed observation of practice that meets the required standard of practice. To be eligible for the award of credit for all three units, a trainee teacher must be able to provide evidence of a minimum of three assessed observations of practice that meet the required standard of practice.

Some optional units from the Education and Training suite also require practice, including observation and assessment of practice. These requirements are specified in the assessment guidance for the individual units. For some optional units practice must be in a real work environment and in the appropriate context – with groups of learners or with individual learners.

The number of practice hours required and the number of hours to be observed and assessed are not specified for Learning and Development units. These requirements are in addition to the observed and assessed practice requirements stipulated above.

## **Recognition of Prior Learning and Achievement (RPL)**

RPL is a method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they may already possess. Evidence of learning must be sufficient, reliable and valid.

It is the responsibility of the centre to inform Open Awards at registration of any exemptions and/or equivalences for which a claim may be made. These claims will be subject to external verification by the Open Awards' Lead Quality Reviewer for the centre.

For more information, please see our Recognition of Prior Learning Policy found on the Open Awards [portal](#).
