v1.0	New document April 2023		
v2.0	Document rebranded. 6 graded credits added to align with revised QAA Diploma specification following minor change process.		

About the Qualification

Title	Open Awards Access to HE Diploma (Nursing, Midwifery and Allied Professions)
Qualification Accreditation Number	AIM 40011586
Sector	1.2 Nursing and Subjects and Vocations Allied to medicine
Level	Level Three
Funding	Please click here for more information
Pricing Information	Please click here for more information
Review Date	31/07/2027

Purpose	To provide higher education progression opportunities for adults who, because of social, educational or individual circumstances, may have achieved few, if any, prior
	qualifications.

Available Delivery	Classroom-based Learning
Modes	Blended Learning
	Distance Learning

Total Qualification Time/Guided Learning			
Total Qualification Time (hours)	600		
Guided Learning (hours)	600		

Age Range and Restrictions	
Pre -16	Х
16 – 18	✓
18+	✓
Any other restrictions specific to the qualification(s)	None

Any Specified Entry Requirements

This qualification is suitable for learners aged 17+.

There are no specific entry requirements with regards to prior qualifications. However, providers must liaise with Higher Education Institutions when developing their Access to HE programme to identify any additional requirements for progression.

In most cases, we expect learners to have or being working towards GCSE English and maths at grade C/4 or above or equivalents.

Recommended Assessment Method Summary

Assessments for Access to HE Diplomas are internally set, internally marked and externally moderated portfolio of evidence

Providers will be required to develop an assessment strategy before they begin delivery of this Diploma. This will ensure that a range of appropriate assessment methods are selected. Consideration must be given to the needs of all learners whilst also making sure that they can develop and evidence the skills, knowledge and confidence that will prepare them for the rigorous assessment regimes in higher education.

Types of evidence could include:

- a) Written assignments
- b) Essays
- c) Reports
- d) Presentations
- e) Practical assessment
- f) Examinations
- g) Project work

Assessment practices must reflect the Equality and Diversity Policy of Open Awards.

Please see the Access to HE Provider Handbook for more information.

Qualification Structure

Rules of Combination

Credit Value of the Qualification:	60
Minimum Credits to be achieved at the Level of the Qualification:	45
Graded Credits	45
Ungraded Credits	15

Graded Units	
Mandatory Academic Unit Group A – Human Biology	A minimum of 15 graded credits required.
Optional Academic Unit Group B – Health Studies	
Optional Academic Unit Group C - Science for Health	Remaining graded credits may
Optional Academic Unit Group D – Microbiology	be selected from Mandatory Groups A-B or Optional Group
Optional Academic Unit Group E – Sociology	C-F.
Optional Academic Unit Group F – Psychology	
Ungraded Units	
Optional Ungraded Unit Group A – Human Biology	
Optional Ungraded Unit Group B – Health Studies	
Optional Ungraded Unit Group C - Science for Health	Ungraded credits may be selected from Optional Ungraded Groups A-F, or
Optional Ungraded Unit Group D – Microbiology	Group G (Developmental)
Optional Ungraded Unit Group E – Sociology	

Optional Ungraded Unit Group F – Psychology

Optional Ungraded Group G – Developmental

In addition, you must ensure that at least one six (6) credit (academic graded, academic ungraded, or ungraded developmental) to be compliant with the requirements of the QAA Access to HE Diploma specification.

You can select up to a maximum of 30 credits made up of six (6) credit (academic graded, ungraded, or ungraded developmental) units.

Please note, units with the same title (ungraded and graded) are barred.

Delivering this Qualification

Becoming a Provider

To deliver this qualification you must be a recognised Open Awards Provider. For more information, head to our website or contact the team on 0151 494 2072.

How to Deliver

If you are approved to deliver Access to HE Diplomas with Open Awards, you can apply deliver this Diploma by completing a <u>Merlin Form</u> and submitting via the Open Awards portal. For more information, see the Provider Handbook, or contact the team on 0151 494 2072 or <u>customerservices@openawards.org.uk</u>.

If you are not already an approved Access to HE provider, please contact the team on enquiries@openawards.org.uk to discuss the approval process.

Registering Learners

Access to HE learners should be registered within 6 weeks of the learner's individual start date or before the learner's official (usually UCAS) application deadline via the Open Awards Secure Portal. Please make sure that learners are registered with the correct details and on the correct Diploma. If learners are registered incorrectly, there will be an administration charge to rectify errors.

Learners can be added onto existing course runs but are subject to the 6-week registration deadline.

Amendments or late registrations may be requested up to 26 weeks from the learner's start date but are only considered in extenuating circumstances and on an individual basis. These requests may result in further investigations by Open Awards and control measures may be applied.

Learner registration data can be submitted using the provided 'LRF (Access to HE)' template or via a report generated from your own MIS system. The data provided must be in accordance with the Access to the HE Data Specification document which is available via the secure portal.

You will need to register your learners via the <u>the Portal</u>. More information can be found in our Access to HE Provider Handbook.

Quality Assurance and Standardisation

Delivery of this qualification must be done so in accordance with Quality Assurance Agency (QAA) regulatory guidelines and in line with Open Awards' quality assurance processes. Please see our Access to HE Provider Handbook for more information.

Provider Staff Requirements

It is expected that providers will have occupationally competent staff with relevant sector experience for their role in the delivery of the units/qualifications being offered.

For the delivery and assessment of this qualification, it is expected that staff have a qualification at the level higher than the qualification in a related academic subject and have up-to-date working knowledge and experience of best practice in assessment and quality assurance.

Providers are responsible for ensuring that their staff are occupationally competent and have access to appropriate training and support. They are also responsible for notifying Open Awards of staff changes.

Assessment

Each Access to HE Diploma must be supported by assessment plans to ensure that students are able to demonstrate the skills, knowledge and confidence that will prepare them for the rigorous assessment regimes in higher education.

Tutors must develop plans which show how they intend to assess each unit and the Diploma as a whole. These plans must be internally moderated. The assessment plan should cover the whole Diploma and include:

- Number of assignments
- Type and range of assessments
- How tasks will allow for differentiation
- An assessment strategy for the whole Diploma
- A schedule of delivery and assessment/ scheme of work
- Consideration as to whether the strategy prepares learners for Higher Education

In order to achieve the Diploma, learners must meet all Learning Outcomes and associated Assessment Criteria in all units approved in the Diploma specification.

Each Assessment Criterion must be assessed only once. For graded units, a grade can only be determined upon completion of all unit learning outcomes.

There are three Grading Standards which must be applied equally to all units and all assessments within graded academic units. The three grading standards are:

- 1. Knowledge and Understanding
- 2. Subject Specific Skills
- 3. Transferable Skills

For more information on grading, please see the Provider Handbook or visit the QAA website here.

A variety of assessment methods should be used which will allow learners the opportunity to develop experience and skills required for HE study. At least one unit from each module should be assessed using a formal and controlled assessment method e.g. examinations.

Where a unit is assessed by more than one assignment, the assessment strategy must clearly state which graded descriptors will be considered for each assignment and how you will apply a single grade for the unit.

Assessment practices must reflect the Equality and Diversity Policy of Open Awards. Reasonable adjustments may be required for individual learners to enable them to undertake assessments fairly. Please see our Reasonable Adjustments and Special Considerations Policy for more information.

Preparing Assignments

One of the many benefits of an Open Awards Access to HE Diploma is that tutors design the assignments for their own provision to suit the context of delivery and to make the most of the variety of assessments methods available in individual circumstances. Please see our Access to HE Provider Handbook for more information.

Drafts, Submissions and Re-submissions

It is a requirement that you publish procedures for the formal submission of work for assessment in your course handbook. These procedures must be the same for all the Access Diplomas that you are approved to deliver.

Please see our Access to HE Provider Handbook for more information.

Internal Verification

Internal verification is a process by which the provider systematically samples and evaluates its assessment practices and decisions, and acts on the findings to ensure consistency and fairness. The main purpose is to improve and standardise practice in the assessment of learners.

The Access to HE Coordinator must take responsibility for internal verification of all Access to HE Diplomas at your organisation and we will expect that you have the appropriate levels of resources to implement these processes.

Verification activities must include:

- Pre-delivery verification
- Verification of achievement

Internal Standardisation

Standardisation is a vital component of any robust quality assurance system and as a condition of provider approval all Open Awards Access to HE providers agree to participate in standardisation activities.

Where more than one tutor / assessor makes assessment decisions and recommendations for the award of credit to learners on the same Diploma or similar courses it is essential that internal verification processes include the standardisation of their practice.

Open Awards expect providers to plan and undertake standardisation of internallyset tasks and the outcomes of internal assessment at least twice a year.

Please see our <u>Access to HE Provider Handbook</u> for more information on verification and standardisation activities required.

External Standardisation

Standardisation is a vital component of any robust quality assurance system and as a condition of provider approval all Open Awards Access to HE providers agree to participate in standardisation activities, both internally and externally.

Open Awards runs a series of standardisation activities that are accessible to all Access to HE providers.

Open Awards runs live standardisation events for each pathway to allow practitioners to peer review and learn from each other through networking. We are aware that some staff may wish to participate in standardisation activities but will be unable to attend events at the Open Awards office.

We also offer online standardisation activities. You will be provided with access to an online repository of standardisation activities, training and opportunities to share best practices. For more information on each of these processes, please see the <u>Access to HE</u> Provider Handbook.

Training and Support

Open Awards offers a variety of training and support to Providers. Our online training and support is free of charge and can be accessed on the following link ehttps://oalearn.org.uk/shop. An everlasting coupon (PLUC code) will be issued to each Provider to gain free access to these resources.

Recognition of Prior Learning and Achievement (RPL)

Learners presenting evidence of accredited prior learning on non-Access courses can apply for exemption for credit on relevant Level 2 and Level 3 units where appropriate.

Learners who have achieved Access to HE Diploma credits (either from Open Awards or another AVA) may wish to claim credit towards an Open Awards Diploma. Credit transfer is dependent on the content of the unit/s from which those credits were gained matching the content of the unit/s for which they wish to claim.

For more information, please see our Recognition of Prior Learning Policy found on the Portal.
