

Access to H.E. National Programme Unit

Unit Title:	Computer Imaging for Art and Design		
Graded Unit Code:	GA33ART17	Ungraded Unit Code:	UA33ART17
Pathway(s):	Creative and Performing Arts		
Module(s):	Art and Design		
Level:	3	Credit Value:	3
Valid from:	1 st August 2014	Valid to:	31 st July 2024

The following QAA grade descriptors must be applied if you are delivering the graded version of this unit:

2	Application of knowledge
3	Application of skills
5	Communication and presentation
7	Quality

LEARNING OUTCOMES	ASSESSMENT CRITERIA
The learner will:	The learner can:
1. Understand the use and limitations of computer software in the production of artwork and for design	1.1 For a range of imaging software: <ol style="list-style-type: none"> Identify the typical uses of the software; explain the advantages in the use of computer software over more traditional techniques explain the limitations of the software packages evaluate the cost effectiveness of the use of computerised systems compared with the use of more traditional techniques

Access to H.E. National Programme Unit

<p>2. Use computer software and hardware to produce artwork or for design</p>	<p>2.1 For a specific design or artwork brief:</p> <ul style="list-style-type: none">a) Identify and justify the use of specific hardware and softwareb) use software to plan artwork or design to the specific briefc) develop ideas using a range of available techniques and record developments as a portfolio of workd) explain and justify the techniques used in the development of their work
