

# Open Awards Qualification Unit

This unit forms part of a regulated qualification. Click [here](#) to view qualifications.

## 1 Unit Details

|                        |                                                |
|------------------------|------------------------------------------------|
| Unit Title:            | Developing Personal Safety and Security Skills |
| Unit Reference Number: | F/507/6708                                     |
| Level:                 | Level 2                                        |
| Credit Value:          | 2                                              |
| Minimum GLH:           | 16                                             |

## 2 Learning Outcomes and Criteria

| Learning Outcome (The Learner will):                                  | Assessment Criterion (The Learner can):                                         |
|-----------------------------------------------------------------------|---------------------------------------------------------------------------------|
| 1. Be able to understand risks to personal safety and security        | 1.1 Identify risks related to personal safety in different circumstances        |
|                                                                       | 1.2 Describe possible consequences of the identified risks to personal safety   |
|                                                                       | 1.3 Identify risks related to personal security in different circumstances      |
|                                                                       | 1.4 Describe possible consequences of the identified risks to personal security |
| 2. Be able to assess and reduce risks to personal safety and security | 2.1 Carry out a risk assessment for a personal safety situation                 |
|                                                                       | 2.2 Describe how to control and reduce the identified risks to personal safety  |
|                                                                       | 2.3 Carry out a risk assessment for a personal security situation               |
|                                                                       | 2.4 Describe how to control and reduce the identified risks to personal safety  |
| 3. Be able to explore individual reactions to threatening situations  | 3.1 Identify potential physical and emotional effects of threatening situations |
|                                                                       | 3.2 Describe responses which would be appropriate                               |

|                                                                                                      |     |                                                                                                     |
|------------------------------------------------------------------------------------------------------|-----|-----------------------------------------------------------------------------------------------------|
|                                                                                                      | 3.3 | Describe responses which would be inappropriate                                                     |
|                                                                                                      | 3.4 | Describe how to manage personal responses to threatening situations                                 |
| 4. Be able to understand actions that can be taken, following personal safety and security incidents | 4.1 | State legal and organisational rules and responsibilities                                           |
|                                                                                                      | 4.2 | Describe how to report an incident and to whom                                                      |
|                                                                                                      | 4.3 | List sources of help and support                                                                    |
|                                                                                                      | 4.4 | Assess safety and security incidents and experiences and draw conclusions which reduce future risks |
