

Open Awards Qualification Unit

This unit forms part of a regulated qualification.

1 Unit Details

Unit Title:	Audio Software
Unit Reference No.:	R/615/5200
Level:	Level 2
Credit Value:	3
Minimum GLH:	20

2 Learning Outcomes and Criteria

Learning Outcome (The Learner will):	Assessment Criterion (The Learner can):
1. Be able to use audio hardware and software to capture sequences.	1.1 Identify the combination of input device and audio software to use to capture information
	1.2 Select and use an appropriate combination of input device and audio software to record sequences
	1.3 Describe the impact file size and file format will have on saving sequences
	1.4 Identify when to use different types of information coding and compression
	1.5 Store and retrieve sequences using appropriate file formats and compression, in line with local guidelines and conventions where available
2. Be able to use audio software tools and techniques to combine and edit sequences	2.1 Identify sequences to add, keep and remove.
	2.2 Select and use appropriate audio software tools to mark up and edit sequences
	2.3 Organise and combine information for sequences in line with any copyright constraints
	2.4 Describe how copyright constraints affect use of own and others' information
3. Be able to play and present audio sequences.	3.1 Describe the features and constraints of playback software and display devices

3.2 Select and use an appropriate combination of audio playback software and display device to suit the file format

3.3 Identify the settings which could be adjusted to improve the quality of presentations

3.4 Adjust playback and display settings to enhance the quality of the presentation
