

# Open Awards Qualification Unit

This unit forms part of a regulated qualification. Click [here](#) to view qualifications.

## 1 Unit Details

|                        |                       |
|------------------------|-----------------------|
| Unit Title:            | Video Software Skills |
| Unit Reference Number: | K/615/9737            |
| Level:                 | Level 2               |
| Credit Value:          | 3                     |
| Minimum GLH:           | 24                    |

## 2 Learning Outcomes and Criteria

| Learning Outcome (The Learner will):  | Assessment Criterion (The Learner can):  |
|---|--|
| 1. Be able to use video hardware and software to capture sequences                  | 1.1 Compare a minimum of 3 devices used in relation to video software production |
|   | 1.2 Use a combination of input device and video software to record sequences     |
|   | 1.3 Describe the impact file size and file format will have on saving sequences  |
|   | 1.4 Identify when to use different types of information coding and compression   |
|   | 1.5 Store and retrieve sequences using appropriate file formats and compression  |
| 2. Be able to use video software tools and techniques to combine and edit sequences | 2.1 Compare a minimum of two video editing software                              |
|   | 2.2 Identify the sequences to add, keep and remove                               |
|   | 2.3 Use appropriate video software tools to mark-up and edit sequences           |
|   | 2.4 Combine information for sequences in line with any copyright constraints     |
|   | 2.5 Describe how copyright constraints affect use of own and others' information |

|  |     |  |
|--|-----|--|
| 3. Be able to play and present video sequences | 3.1 | Describe the features and constraints of playback software and display devices                       |
|  | 3.2 | Use an appropriate combination of video playback software and display device to suit the file format |
|  | 3.3 | Identify the settings which could be adjusted to improve the quality of presentations                |
|  | 3.4 | Adjust playback and display settings to enhance the quality of the presentation                      |
