1 Unit Details

Unit Title:	Engineering Maintenance
Unit Reference Number:	F/615/9775
Level:	Level 2
Credit Value:	4
Minimum GLH:	32

2 Learning Outcomes and Criteria

Learning Outcome (The Learner will):	Assessment Criterion (The Learner can):
1. Know about engineering maintenance purposes, procedures and resources	1.1 Describe the causes and effects of a minimum of 3 engineering equipment failures
	1.2 Describe types of planned and unplanned maintenance procedures
	1.3 Describe the resources needed for engineering maintenance operations
2. Be able to plan a maintenance activity on an engineering system or product	2.1 Identify the resources required for a planned maintenance activity on an engineering system or product
	2.2 Produce a maintenance plan for an engineering product or system
3. Know about maintenance activities on an engineering system or product	3.1 Describe a non-complex maintenance activity on an engineering system or product.
	3.2 Complete documentation as appropriate to the maintenance activity.
